-

WORK EXPERIENCE

Technical Trainer, Laptop and Computer Repair | Uhandisi Training Institute | Nairobi, Kenya
Current

- Develop and deliver comprehensive training programs on laptop and computer repair, covering hardware diagnostics, component replacement, software troubleshooting, and preventive maintenance.
- Instruct students on the intricacies of Dell, HP, and Lenovo systems, ensuring a deep understanding of their architecture and common issues.
- Create engaging and practical hands-on exercises to reinforce theoretical knowledge and build practical repair skills.
- Assess student progress and provide constructive feedback to facilitate learning and skill development.
- Stay updated with the latest technological advancements and repair techniques to ensure training content remains relevant and cutting-edge.

Repair Technician | Fleimco General Electricals | Nairobi, Kabete
January 2020 – December 2024 (5 years)

- Performed in-depth diagnostics and repairs on a variety of laptops and desktops, including models from Dell, HP, and Lenovo.

- Troubleshooting and resolving complex hardware and software issues, including motherboard repairs, screen replacements, hard drive failures, and operating system errors.
- Conducted component-level repairs, including soldering and desoldering, to restore functionality to faulty devices.
- Managed inventory of spare parts and tools, ensuring availability for timely repairs.
- Provided technical support and guidance to clients, explaining repair processes and offering solutions.
- Maintained detailed records of repairs, including parts used and issues resolved, for accurate tracking and reporting.
- Adhered to strict quality control standards to ensure all repairs met performance and reliability benchmarks.

EDUCATION

Meru National Polytechnic

Diploma in Electrical and Electronics Engineering & IT 2021

National Youth Service

Attended Paramilitary Training 2017
